Recommended Use

Gotham is recommended for interior floors, walls, countertops, and exterior walls in both residential and commercial applications. Care and Maintenance

Regular cleaning is the best way to keep Gotham tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth. No waxes are needed. More information regarding the care and maintenance of Crossville® products is available at CrossvilleInc.com.

Environmentally Conscious

Gotham contains a minimum of 4 percent pre-consumer recycled content and is manufactured by Crossville® using processes that have been certified by Scientific Certification Systems. SCS has verified that through these recycling processes Crossville recycles nearly 12 million pounds of previously discarded filtrate and fired tile waste. In addition to its own fired waste recycling, Crossville also accepts and recycles reclaimed, previously installed tile through its Tile Take-Back™ Program.
